MEDIA RELEASE

STTA-PCF TABLE TENNIS CARNIVAL 2014

The STTA's mission is to develop world class players by identifying, nurturing and motivating aspiring table tennis talents to become the best they could be. We are committed to grooming young talents from a very young age.

In the past, children will typically start playing table tennis only in Primary 3, when they pick the sport in school as a co-curricular activity. However, through the STTA-PCF table tennis programme, PCF Kindergarten children are exposed to the sport as early as five years old.

Through the STTA-PCF table tennis programme, the STTA hopes to identify and nurture more world class players. Since its launch in 2009, the programme has expanded to 30 constituencies and over 1300 children are exposed to the game of table tennis yearly.

At the STTA-PCF Table Tennis Carnival today, our national paddlers: Zhan Jian and Yee Heng Hwee made a special appearance. And Mr Alex Yam, MP for Chua Chu Kang GRC & Deputy President, STTA was the Guest of Honour.

In addition, our young paddlers from the STTA-PCF table tennis programme showed off their forehand and backhand drives. And graduates of our STTA-PCF table tennis programme were invited back for an invitational friendly competition.
